OFFICE OF PETITIONS

This petition is in response to a Notice of Non-Responsive Amendment dated July 13, 2002. Applicant hereby petitions to have their priority claim, as set forth below, accepted. When filing the present application on July 9, 2001 Applicant provided a signed Declaration/Power of Attorney indicating proper claim of priority under 35 U.S.C. §120 to US Application No. 08/364,659 (priority application '659) filed on February 6, 1995. In a cross reference to related cases paragraph on the first page of the present application Applicant unintentionally referred to priority application '659 as a related application instead of a continuation-in-part application priority application. As a result Applicant is submitting this petition to claim priority to application '659. Applicant unintentionally omitted a reference to priority application '659 and Applicant attests that the delay between the date the claim was due under 37 C.F.R. 1.78(a)(2) or (a)(5) and the date of this petition was unintentional. The following paragraph is the corrected cross-reference to related cases paragraph to be provided in the present application.

--This Application is a divisional application of U. S. Patent 6,279,158 (Application Serial No. 09/397,443), issued August 21, 2001 which is a divisional of U.S. Patent 6,334,219 (Application Serial No. 08/673,002) issued December 25, 2001 which is a continuation-in-part of U.S. Application Serial Nos. 08/650,408 filed 5/20/96 (abandoned), 08/457,295 filed 6/1/95 (abandoned), 08/384,659 filed 2/6/95 (abandoned), and 08/457,317 filed 6/1/95 (abandoned), which applications are incorporated by reference. This application is related to U.S. Application Serial Nos. 08/311,964 filed 9/26/94 (abandoned), 08/455,340 filed 5/31/95 (abandoned), 08/455,059 filed 5/31/95 (abandoned), 08/457,294
